Davies Design and Construction Ltd - Environmental Policy

1. Introduction

1.1 It is the Organisation's objective to carry out all measures reasonably practicable to meet, exceed or develop all necessary or desirable requirements and to continually improve environmental performance through the implementation of the following:

- ❖ Assess and regularly re-assess the environmental effects of the Organisation's activities;
- ❖ Training of employees on environmental issues;
- ❖ Minimise the production of waste;
- ❖ Minimise material wastage;
- ❖ Minimise energy wastage
- ❖ Promote the use of recyclable and renewable materials
- ❖ Reduce and/or limit production of pollutants to water, land and air;
- ❖ Control noise emissions from operations;
- ❖ Minimise the risk to the general public and employees from operations and activities undertaken by the Organisation;
- ❖ Developing environmental goals and targets relevant to the Organisation's operations and taking action to achieve these goals and targets;
- ❖ Continually improving the effectiveness and efficiency of environmental management through assessments and performance cost metrics;

2. Responsibilities

2.1 This Policy is communicated to all employees, suppliers and sub-contractors and is made available to the public.

77 Elmers End Road, London, SE20 7UU . Tel: 020 8778 6111 . Fax 0208 778 5060 . Email: general@ddclimited.com

2.2 In addition, every individual associated with DDC Ltd is expected to:

- ❖ Conduct their assigned duties in a manner that complies with applicable environmental regulations;
- ❖ Continually strive to improve environmental performance in their work area;
- ❖ Be aware of the protentional environmental consequences of their actions at all times and take care to minimise any adverse consequences;
- ❖ Promptly report or otherwise address conditions that could result in a spill or release of hazardous or regulated material to the environment;
- ❖ Promptly report environment incidents, i.e., events in which a spill or release of hazardous or regulated material to the environment occurred or could have occurred;
- ❖ Participate in the conduct of incident investigations
- ❖ Effectively disseminate information and lessons learned from any incidents; and
- ❖ Correct deficiencies and take actions to prevent incidents from occurring.
